

TEAM-BASED NCD CARE IN RESOURCE-CONSTRAINED SETTINGS: A JBI glocal Solution Room 2026

June 5, 2026 | 13:00 – 15:00 IST |

ABOUT THE EVENT

The JBI gLOCAL Solution Room is a globally synchronised event series running from 1st–7th June 2026, comprising dynamic and interactive sessions across numerous countries. Each event is designed to provide pragmatic solutions to challenges in translating evidence into clinical practice.

Each session features a panel of international experts delivering real-world insights through evidence-implementation presentations, followed by an interactive panel discussion responding directly to participant questions. The goal is to provide practical, actionable strategies for getting evidence into practice in your clinical setting.

WHO SHOULD ATTEND?

The JBI gLOCAL Solution Room brings together clinicians, academics and policy makers interested in evidence-based healthcare. It serves as a synchronised, collaborative and widely accessible inter-regional space to promote evidence-based practice discussion and debate.

REGISTRATION & FEES

Attendance is FREE OF CHARGE, facilitating comprehensive access to implementation strategies across resource-constrained frameworks.
